MARGARET J. HALL
Solid Waste Manager

MARIO RICOZZI
Chairman

May 2006

Dear Thimble Islands Residents:

Welcome back for another season of collection on the Islands. The schedules, materials, method, and collector are the same as last year, but **it's a little different than on shore, and it's not the same as all other towns**, so please read this letter and the flyer carefully, including the 2006 schedule and instructions. During the main season (Memorial Day to Labor Day) we will generally collect garbage on Mondays and Thursdays, and recyclables on Thursdays.

Please remember that we recycle the **cloudy** plastic milk and water jugs, but **do not take clear plastic** like plastic soda bottles or cranberry juice, and **do not take colored plastic**, such as laundry detergent bottles. We don't take the white Hood "light block" milk jug – **only cloudy #2 plastics. Please squash the milk jugs and cartons!** Otherwise, the whole boat, bin, and truck overflow with unnecessary air.

What's new, for those of you with access to a computer – or should I say, to electricity – is that there's lots of information available now on our web site at www.Branford-CT.gov. Check it out!

This year's garbage and recycling collection for the Islands will be picked up by Jay Brown of Pot Rock Island and Cameron Construction. Through Jay, the Town provides twice-a-week garbage and once-a-week recyclable collection directly to you. **Please remember that once collection starts, you may not use the dumpster or carts at the Stony Creek dock for any island refuse.** These are being privately paid for, not through Town funds, so please don't subject yourself to possible fines. The dumpsters at the Trap Rock dock are for use only by the town collector. If we are to continue our privileges of using this donated space, then it must be used only by our employee. One change we started last year: In April and November (and a pinch of May and October) the Town will pay for the dumpster at the Stony Creek dock, and you may put in an occasional bag of off-season garbage, when we're not collecting. Don't abuse it!

If you have **large quantities of anything** to dispose of, **or any quantity of construction or demolition debris**, you must take these materials to the Branford Transfer Station yourself (as any shore resident would also have to do). If you hire contractors to do work for you, make it their responsibility to remove waste materials from the island and dispose of them. Brush should also go directly to the transfer station. Our landfill is closed, so we will not accept more than 1 ton of these materials. Free wood chips and free compost are usually available at the transfer station. Please bring your own container and digging implement.

Household hazardous waste such as oil-based paint, old gasoline, cleaning products, or pesticides should go to HazWaste Central on Long Wharf in New Haven, on Saturdays from 9 to noon. Call me or call HazWaste at 401-2712 for details. It is closed for holidays on 5/29, 7/1, and 9/2/05.

Transfer Station/Recycling Center Address: 747 East Main St.

Hours: Mon. - Fri. 7:15 A.M. - 1:30 P.M. & Sat. 7:15 A.M. - 2:30 P.M.

Please arrive at least ½ an hour before closing—this is when we lock the gate.

Summer residence card required: \$2.50 from Tax office for whole season, or

Trip passes, \$1 each, good for 1 trip, valid for 30 days, from Town Clerk's office

Tax office open Mon. - Fri. 8:30 A.M. to 4:30 P.M. Phone 481-0381

Town Clerk's office open Mon. - Fri. 8:30 A.M. to 4:30 P.M. Phone 488-6305.

Bring some proof of residency (not of ownership) like a lease or a phone bill.

Jay does not always pick up in the mornings; he tries to follow high tide. I've asked him to stick to daylight hours. Recyclables must be at the dock in your blue box the night before your recycling day. There is no change in where you must put your trash or your recyclables. The boat will not stop if there is no blue box in sight, and won't make special trips if you miss a pick-up. Please confine any dogs which might interfere with the collector. Thank you.

Sincerely,

Peg

Margaret J. Hall
Solid Waste Manager

**Please keep and post
Residents throughout the season must follow these instructions.
Summer 2006**

Remember that you may not use the dumpster or carts at the Stony Creek dock during collection season or ever at Trap Rock, for any island refuse.

Garbage note: if it came from the sea, put it back in the sea. Clam shells, lobster shells, fish guts, etc. should go back where they came from — picking up the extra weight and sending it an hour burn it, doesn't make any sense.

away to try to

Recycling Instructions:

- Line your blue box with a large plastic bag.
- Keep glass and metal food containers, aluminum foil, cloudy plastic milk/water jugs, and milk/juice cartons separate from the garbage.
- Throw away caps, corks, and screw-off lids.
- Rinse containers and foil enough so they don't smell
- Crush the jugs and cartons.
- Put these clean containers in the plastic bag--**no clear or colored plastics!**
- Bundle your newspaper, inserts, glossy magazines, and glossy catalogues in a brown paper grocery bag or tie with plain cotton string – no plastic bags or extra paper bags.
- On Wednesday nights fasten the plastic bag with a twist tie. We have to undo this later —**please don't tie knots.**
- Put the bundled news next to the plastic bag in the box.
- Take the whole blue box with both bags in it to the dock.

Please take advantage of this service. **There is no place on shore closer than the transfer station where you may legally take trash. Fines for illegal dumping (including private use of a public dumpster) are \$35. Refuse mixed with recyclables will not be collected.**

Collection Schedule:

The days listed below are the **morning** of pick up. Remember, you must put recyclables out the night before.

May	15, 22, 30 (Tues)	Refuse and Recyclables Refuse
June	1, 8, 15, 22, 29 5, 12, 19, 26	Refuse and Recyclables Refuse
July	6, 13, 20, 27 3, 10, 17, 24, 31	Refuse and Recyclables Refuse
Aug.	3, 10, 17, 24, 31 7, 14, 21, 28	Refuse and Recyclables Refuse
Sept.	5 (Tues.), 11, 18, 25	Refuse and Recyclables
Oct.	2 and 10 (Tues.)	Refuse and Recyclables

If you have questions or collection problems **call Jay Brown at 481-9546** and give your name, island, and phone number. If problems cannot be resolved, or if you have other comments, phone the Department of Solid Waste & Recycling at 315-0622

Recycling in the Thimbles — Keep & Post

What to recycle in your recycling box or bin

Glass bottles and jars

- clear, green, or brown
- food or beverage containers only
